Hi [Ex. 6 Personal Privacy (PP)] Thanks for contacting me. On January 12, 2017, EPA issued a Clean Air Act Notice of Violation to FCA US LLC and Fiat Chrysler Automobiles N.V. for Clean Air Act noncompliance for Model Year 2014-16 Ram 1500s and Jeep Grand Cherokees. You can find the NOV and more information about the EPA action at www.epa.gov/fca. Last month, for these same vehicles, the Department of Justice filed a complaint in federal court alleging Clean Air Act violations. More information about the filed matter is at <http://cand.uscourts.gov/emc/chryslermdl>.

Because this is an active enforcement matter, I can't provide information to you regarding potential future actions or your specific vehicle. However, I hope that you find the website information helpful.

Best,
Kathryn Caballero

Hi Kathryn my name is [Ex. 6 Personal Privacy (PP)] and I own a 2014 ram ecodiesel. I was just wandering what was going on with the case? Will they offer us a buy back are something I just don't want to be stuck with a truck worth nothing and take a big loss. Thanks for taking the time to read this.
